

NEW MEXICO CONFERENCE ON AGING

ABOUT THE EVENT

The 48th Annual Conference on Aging hosted by the New Mexico Aging and Long-Term Services Department is a premier event that brings together a diverse group of individuals, including seniors from across New Mexico and providers of senior care services. The event is an opportunity to foster a sense of community, share knowledge, and provide valuable resources to our aging population, which is an ever-growing demographic in our state.

Our goal for this year's conference is to host 2,000 older adults who are eager to learn, connect, and engage with the latest trends, research, and services available to them & senior care providers, including healthcare professionals, caregivers, and organizations that cater to the needs of our aging community.

The conference will feature informative workshops, panel discussions, and presentations that focus on topics such as healthcare, wellness, art and culture, and senior living options. Additionally, we look forward to hosting a dance where all attendees can gather to celebrate aging in the Land of Enchantment.

Your support for the 48th Annual Conference on Aging will play a vital role in ensuring the success of this event and the continued support of New Mexico's aging population.

This year's sponsorships include exhibitor space at the conference for networking, digital and print marketing, and speaking opportunities to convey your message to older adults and care providers.

SEPTEMBER 23 - 24 | GLORIETA CONFERENCE CENTER
